BASE ORDER 6250.1E

From: Commanding General  
To: Distribution List

Subj: APPLIED BIOLOGY (PEST CONTROL) PROGRAM SERVICES, TRAINING,  
AND REPORTING REQUIREMENTS

Ref: (a) OPNAVINST 6250.4A

1. Purpose. To provide guidance in the implementation and operation of the Applied Biology Pest Management Plan, establish procedures for training and certification of Activity Pesticide Applicators and establish new procedures for keeping records and reporting pest management operations.

2. Cancellation. BO 6250.1D.

3. Background. The reference establishes the requirement for development and implementation of an environmentally sound Activity Pest Management Plan for safe and efficient control of pests that damage property and materials affecting human welfare. The reference provides guidelines for the establishment of the Activity Pest Management Plan, training for personnel engaged in application of pesticides, instructions for reporting pest management operations, and establishes procedures for keeping records.

4. Summary of Revision. This revision contains a significant number of changes and must be completely reviewed.

5. Action

a. The Director, Facilities and Services Division, has the responsibility for implementing the Pest Management Plan (developed by Southern Division, Naval Facilities Engineering Command entomologists) and for ensuring compliance with the reference.

(1) The Public Works Officer will:

(a) Ensure that all contracts for pest control work are reviewed by the Southern Division, Naval Facilities Engineering Command.

(b) Ensure that contract pest control work is performed under the direct surveillance of Navy Certified Pest Control personnel.

26 Mar 93

(c) Provide to the Maintenance Officer, by the fifth of each month, the information required by the reference to be included with the Pest Control Summary Report.

(2) The Maintenance Officer will:

(a) Ensure that a comprehensive pest management plan is established per the reference.

(b) Provide training and ensure certification of all pest control personnel per the reference.

(c) Prepare and forward required report (Report Symbol DD-A&L (A&AR) 1080) by the fifteenth of each month to the Commanding Officer, Southern Division, Naval Facilities Engineering Command.

(d) Ensure that certified pest controllers coordinate any pesticide applications with responsible area supervisors to protect employees from hazardous exposure.

(3) Director, Morale, Welfare and Recreation Division will:

(a) Ensure that only certified pest controllers attached to the golf course procure, mix and distribute chemicals for the course.

(b) Ensure that all applications of pesticides and herbicides on the course are in accordance with the Pest Management Plan.

b. Executive Director for Logistics Operations; Chief of Staff; Executive Director for Financial Management; Principal Directors of Directorates; Division Directors; Special Staff Officers; Commanding Officer, Headquarters Battalion; and Commanders/Officers in Charge of Tenant Activities will:

(1) Ensure that any pest control work performed under their cognizance is coordinated through the Facilities and Services Division.

(2) Ensure that no pesticides are procured, stored or applied within areas under their cognizance without prior approval of the Director, Facilities and Services Division, or designated representative.

6. Applicability. This Order is not applicable to the Blount Island Command.

  
C. H. INGRAHAM, Jr.  
Chief of Staff
